Your submission here:

The Rubbish Lottery!

If I had an idea to change the world I would make a rubbish lottery. My idea would help the environment because people could collect 10 the lottery you cars or more. To enter collecting the cars. MUST take a photo of you on the website CHWW.RubbishLottery.com/uk/Europe). With the amount of cars you have collected. You can win a holiday, Supermarket/cinema vouchers or a TV! Hopefully it will make people find recycling more enjoyable and pollute less, thus making a better world!

I've collected five fruit cans and two freshly picked tomato juice cans!
