

Homework for Wednesday 24th October:

1. Read at least 3 times at home and get home reading signed by an adult.
2. Learn spellings and complete an activity from the "Spelling Menu" at front of the homework books - remember to tick it off!
3. Learn $\times 7$ times tables.
4. Complete the given Maths work, based on learning certain times tables.

My spelling colour is;

Blue	Red	Yellow	Green	Purple
beautician dietician electrician mathematician paediatrician physician musician magician optician superstition	beautician dietician electrician mathematician statistician physician musician magician optician superstition	musician magician optician dietician physician given joyful impress recall superstition	musician magician optician dietician physician give joy press Shake superstition	love made make man many may more much must joy

Maths Homework task: Times tables.

This week the children need to develop their skills with times tables. Children have a range of time tables to practice, solving the given question to reveal a hidden picture. Children will need access to pencil crayons to achieve this task. The task is differentiated to suit children's needs.
