certificate	citizen	circuit	cell	big
centipede	incisor	mercy	cent	she
celebrity	census	decent	lacy	and
centigrade	discern	cell	centre	they
cyclone	incense	cent	celery	my
cylinder	certain	lacy	circus	see
incident	cellar	certain	circle	on

Maths Homework task: Equivalent Fractions

This week the children have been developing their skills with fractions, focussing upon equivalent fractions. We would like the children to complete 20 minutes of the given fractions sheet. They can work on the sheet and write any necessary calculation in their homework books. Please remember that Fractions which have the same value, even though they may look different e.g. $\frac{1}{2}$ and $\frac{2}{4}$ are equivalent, because they are both "half"

If anyone would like anymore information on equivalent fractions follow these links:
