

Wednesday | Star Maths

This week you are going to calculate some perimeters. Later in the week you will be using this knowledge and skills to design your own zoo or farm!

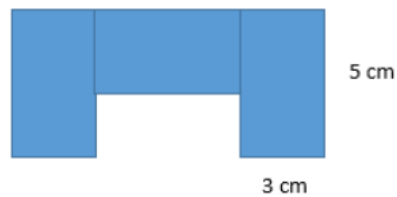

Solve the following questions, explain your reasons in your Maths book:

1.

- 1 Find the perimeter of the shapes.

- 2 The shape is made from 3 identical rectangles. Find the perimeter of the shape.

2.

- 3 How many different shapes can you make with a perimeter of 24cm? How many sides do they have?
