

Home Study Learning.

This page of links and ideas is to support you during this time when we are having to stay at home.

Additional to these ideas there will always be regular reading, the homework set by teachers and the use of **Times Table Rockstars** to keep you busy.

If we close teachers will also be posting daily tasks on the website to help you focus on your learning while at home.

Useful websites for online learning activities:

Year 3, 4, 5, 6 Resource Packs from Twinkl-

E-Learning for Kids

<https://en.e-learningforkids.org/math/>

Don't forget the learning opportunities that can come from simple activities such as;

- Cooking and baking
- Playing board games
- Dominoes
- Drawing and painting
- Sudoku, crosswords and wordsearches
- Jigsaw puzzles
- Construction kits, lego and model making
- Growing flowers or vegetables- keeping a plant diary
- Keep a scrap book
- A garden bird watch

Children have access to e-books through :

<https://shropshiresls.wheelers.co/>

Username and password is in children's HomeLink Book.

Please look on the website for further learning activity ideas and updates from teachers!

Monday's Maths for Year 4

This week we will be focusing on Data Handling.

Data is information. We will be looking at tables, charts and graphs and problem solving.

1*

Please complete attached sheet in your Maths Book.

To prepare for Wednesday's lesson if you go on any walks take a notebook and write a tally of how many rainbows you spot along the way. Group these in the streets they appear. Use my example table to make your own or print it out!

2**

Please see the attached sheet of work. This can be completed in your Maths Book.

Monday's English for Year 4

This week we will be focusing on Poetry. In particular thinking about poems to do with water and rivers.

Read and listen to the poems attached

Look at the features poster, can you spot any of the features included in the poems?

**** and *****

Read and listen to the poems attached

Write down an example for each feature. If there isn't one in the poems you have read, can you make one of your own up?

Today's other activity:

Today is World Oceans Day.

- On World Oceans Day, people around the World celebrate and honour the ocean, which connects us all.
- The aim is for people to get together to start creating a better future and protect our oceans.
- In particular, organisers 'The Ocean Project' wish to see 30% of the world's oceans be protected in the coming years.
- World Ocean Day is celebrated every year on June 8th.

Why do we celebrate World Oceans Day?

- There is a multitude of reasons why World Ocean Day is an important event to celebrate. Here are just some of them:
- The ocean generates a lot of the oxygen we breathe.
- It provides food around the world.
- It regulates the climate.
- It gives work opportunities to thousands of people.
- Is home to trillions of fish and sea creatures.

Attached there is some information about how plastic affects Oceans. There is an activity which can be completed in your books or create a poster. It asks you to think about alternatives to Plastic or other uses before just putting in the recycling bin.

There is also a leaflet attached with creative ideas to re-use a plastic bottle. Why not try one out?
