

Lockdown Life

Oscar Klos 4J

At the start of the lockdown I thought that it was like a big vacation and I was really excited. I was like that for a few more days but then I started to feel anxious. I wouldn't see my friends for a very long time. After a few more days, the teachers started sending out home learning! Then I wasn't that pleased anymore.

I enjoyed baking lots of treats like sponge cake and carrot cake. I loved lots of other things like going on the trampoline and roller-skating. Also, I got to call my friends on the phone and play a lot. When I do home learning, I put on some music and sometimes dance.

The things I will miss about the lockdown is that I won't spend as much time with my mom and dad and I won't get time to go gardening and help my dad with DIY.

My favourite memory from lockdown is when we couldn't go to faraway places, so my mum found a new place next to us, The Lillehall Quarry! We stayed there for about 2 hours and there was a lot of big holes next to the path. There was even an abandoned bridge! There was an island in the middle of the lake and it had an abandoned canoe!

After lockdown, I am looking forward to seeing my friends (not on the phone) and talk. I find it easier to work when talking to people so it would be very helpful. I am looking forward to seeing if we can go to Disneyworld Florida too.

I will continue to roller-skate, bake and go on the trampoline. I might continue calling my friends too!
