

Year 5 Home Learning

Date: Tuesday 9th June

Maths

- Continue looking at the sheet based on angles on a point.

and complete the next slide.

Time yourselves to complete these 60 questions – when marking add 5 seconds for each answer you are incorrect!

Over the next week you'll receive the same questions to see if you can improve your time!

Speed Maths: 2, 5, and 10

1	3×5	21	4×10	41	5 squared
2	5×2	22	10×2	42	5×2
3	3 lots of 5	23	7 lots of 10	43	10 lots of 10
4	6×10	24	9×5	44	9×10
5	$20 \div 5$	25	$45 \div 9$	45	3×2
6	6×2	26	7×2	46	7 lots of 2
7	8 lots of 5	27	$20 \div 2$	47	14 divided by 2
8	50 shared between 10	28	The product of 3 and 5	48	The product of 5 and 5
9	35 divided by 5	29	7 lots of 2	49	2 squared
10	5 multiplied by 2	30	8 multiplied by 10	50	4 multiplied by 2
11	$10 \div 2$	31	$50 \div 10$	51	$30 \div 5$
12	4×10	32	4×5	52	How many 2s in 24?
13	$40 \div 10$	33	$20 \div 5$	53	$8 \div 2$
14	$100 \div 10$	34	100, 90, 80, ?	54	20, 18, 16, ?
15	7 lots of 5	35	0×5	55	9×10
16	25, 30, 35, ?	36	3 lots of 5	56	$40 \div 5$
17	0×10	37	How many 5s in 40?	57	$55 \div 5$
18	8 times by 2	38	10 squared	58	Product of 10 and 10
19	5 lots of 5	39	12×5	59	12×2
20	How many 2s in 16?	40	9 lots of 2	60	7×5

English – Instructional writing

To map out ideas for a set of instructions.

Can you spot any of yesterdays features or key words in the text below; How to Care for a Cat.

How to care for a cat

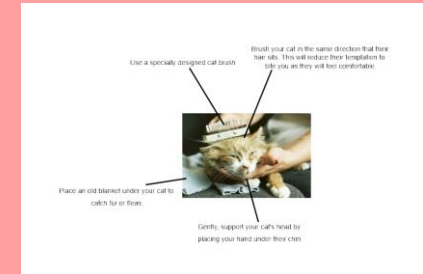

Do you have a pet cat? Are you unsure how to look after them? If so, read these detailed instructions and follow them carefully and hopefully you will have a happy and healthy cat.

You may require the following:

- 25g cat food (wet, in a sachet)
- 200ml water (room temperature)
- 1 x food bowl
- 1 x water bowl
- 1 x collar (with name tag)
- scratching post (you might choose to have more than one)
- toys (must be specifically for cats)
- 1 x cat comb
- bedding (soft, fluffy)

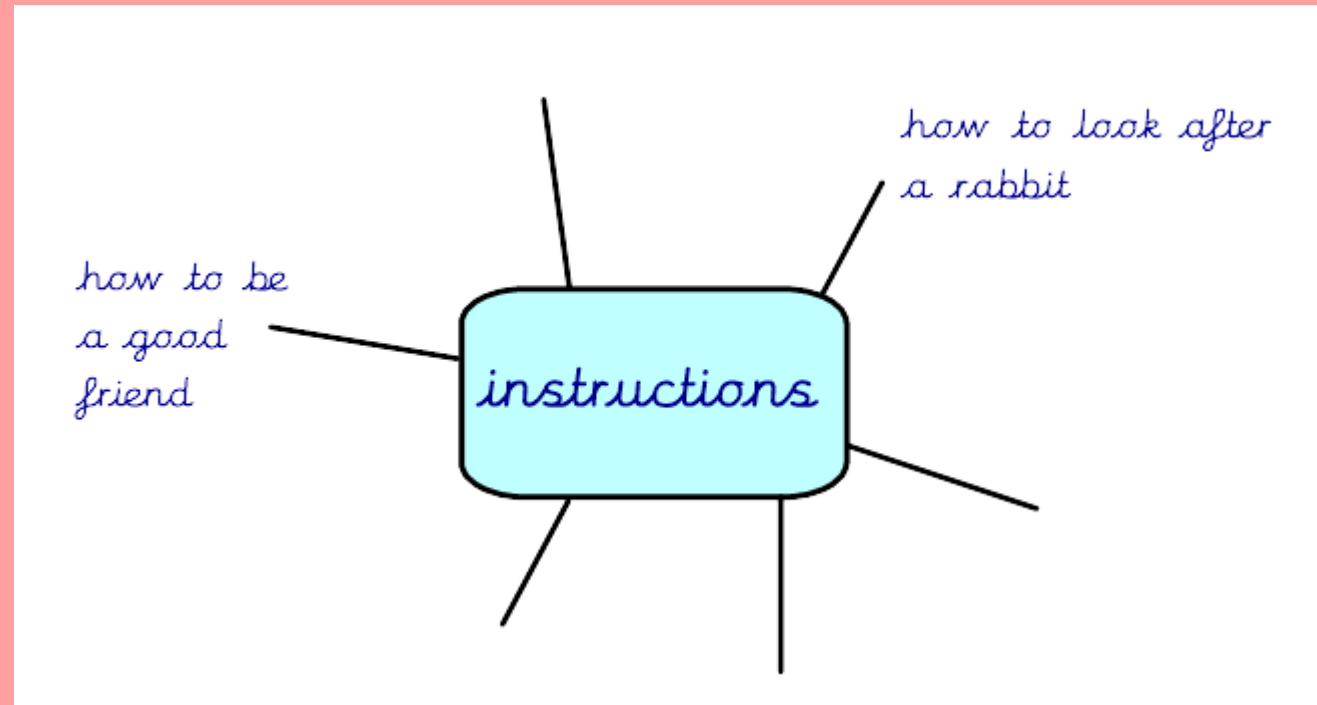

Method

1. When your cat first arrives in your home, put out cat bed in a quiet, spacious place. Make sure that the bed is big enough to hold your cat. They may not sleep in the bed on the first night but your cat will eventually enjoy sleeping in their beds.
2. During the first night, carefully fill the food bowl with cat food. Be warned, cats should not eat chocolate as it is poisonous to them. Some fussy cats will only eat wet food, where as some will only eat dry food. You may need to give your cat a range of food to find out what they like to eat. Unfortunately, every cat is different.
3. Pour fresh water into the water bowl and place gently next to the food bowl. You must change the water every day and ensure that you top up the water when necessary.
4. Gently, tie a collar around your cat's neck. The collar will need a tag with your name and address on so that, if your cat gets lost, it can be reunited with you and your family. Be warned, your cat may bite and scratch during this process.
5. Cats enjoy regularly scratching their claws along a rough surface. Place a scratching post in your house for your cat to use.
6. Finally, cats can catch fleas when they spend time outside. Therefore, it is important to brush their fur (in the same way that we wash and brush our hair) at least once a week with a specially designed brush. These can be found online or in pet shops. The diagram below shows how to correctly brush your cat.

Now we would like you to decide what you are going to complete your instructions for.

Use a mind-map, like below to start collating ideas for your instructional text.

Now decide which idea you are going to go with. Add things to your main idea which you could include to help you when writing your text..

Other/Extra: Following Reading of Chapter 2 – Art/ICT

Design a catalogue/leaflet with pictures and descriptions of the artefacts in Jing Shi's apartment. You might like to do some research into Ancient Chinese artefacts first:

<https://www.historyforkids.net/ancient-china.html>
