English: Rainforest narrative

To develop understanding of narratives from another culture.

Listen to the story of **The Great Kapok Tree** by Lynne Cherry.

<https://www.youtube.com/watch?v=J1Teb-jTyl&t=10s>

In your exercise book, write the title of the book. Summarise the main points of the story so that you can recall it.

Make a work bank of all the key vocabulary from the story – this should be technical or topical words linked specifically to the rainforest environment.

For example: troupe, underbrush, understory, jaguar, oxygen.

You could also note down names of places and characters. This will help give you inspiration for your own rainforest narrative next week.

Extension: Think about the 3 stories you have heard this week. Are there any themes that run across all 3? Which do you think is the most effective story and why? How do the stories make you feel?

Year 5: Latin Music
Week 1

Introduction:

Latin music is about fun, excitement, emotion and dancing. It is always very expressive and normally has strong rhythms for people to dance to. There are lots of different types of Latin music but they all come from countries that speak *Spanish* and *Portuguese*.

You might have heard Latin music before if you have ever watched *Strictly Come Dancing* and here are some types of Latin Music.

Samba

Salsa

Merengue

Tango

Bachata

Task 1: Latin Countries

Your first task is to find as many Latin countries as you can. These are all the countries that speak Spanish or Portuguese.

You could present this as:

- A bullet point list.
- A map

Task 1 Hints

Where to look:
Look at South America for some countries.
