

Day 1 Maths - Starter

Year 6 | Week 1 | Day 1

1) What is the value of the digit 7 in the number 10.75? **7 tenths**

2) What is 36×10 ? **360**

3) Work out $\frac{1}{3} + \frac{5}{9}$ **$\frac{8}{9}$**

4) Write down a 4-digit number with 7 in the hundreds column. **7**

Day 1 Maths - Decimals up to 3 places (Y5 Recap)

Video Link <https://vimeo.com/487196408>

As this is a new topic (no more fractions...) we begin the unit by recapping on some of the Year 5 objectives, to ensure children have retained their understanding.

As this is a Year 5 recap, there is only one task today for all children to complete. We will return back to options of work as of tomorrow when we begin the Year 6 focuses objectives.

In the number 2.49
the digit 4 represents
4 tenths or 0.4

What is the value of the digit
4 in each of these numbers

- a) 14.8 c) 8.04 e) 106.48
b) 13.74 d) 42.03 f) 176.4

4 a) Which number has 5 in the tenths position?

- 53 5.3 0.53 0.35

b) Write three numbers that have 3 in the hundredths position.

5 Complete the calculations.

a) $0.64 = 0.6 + \square$ c) $0.3 + 0.05 = \square$

b) $0.53 = 0.5 + \square$ d) $0.06 + 0.8 = \square$

6 Rosie is finding different ways to partition 0.73

$0.73 = 0.7 + 0.03$
or $0.3 + 0.43$

In what other ways can 0.73
be partitioned?

List as many ways as you can.

Ones	Tenths	Hundredths
0	7	3

My number has 3 digits,
is greater than 1 but less than
2 and has 3 tenths.

- a) What number could Alex be thinking of?
Talk about it with a partner.
b) Write all the possible numbers Alex could be thinking of.
c) Write another clue that would mean Alex's number is 1.34

8 Match the words to the numerals.

5 ones, 6 tenths and 5 hundredths	0.56
5 tenths and 6 hundredths	60.05
5 ones, 5 tenths and 6 hundredths	5.56
6 tens and 5 hundredths	5.65

9 Annie has three digit cards.

Are the statements true or false? Explain your answers.

- a) The largest number Annie can make is 5.02
b) The smallest number Annie can make is 0.25
c) Annie can make six different numbers.

3 Mo is thinking about tenths and hundredths.

What is the value of the digit 4 in each of these numbers?

- a) 14.8 4 ones
- b) 13.74 4 hundredths
- c) 8.04 4 hundredths
- d) 42.03 4 tens
- e) 106.48 4 tenths
- f) 176.4 4 tenths

4 a) Circle the number that has 5 in the tenths position.

53 5.3 0.53 0.35

b) Write three numbers that have 3 in the hundredths position.

eg. 0.03 4.53 72.03

5 Complete the calculations.

- a) $0.64 = 0.6 + \boxed{0.04}$
- b) $0.53 = 0.5 + \boxed{0.03}$
- c) $0.3 + 0.05 = \boxed{0.35}$
- d) $0.06 + 0.8 = \boxed{0.86}$

6 Rosie is finding different ways to partition 0.73

Ones	Tenths	Hundredths
0	7	3

In what other ways can 0.73 be partitioned?

List as many ways as you can below.

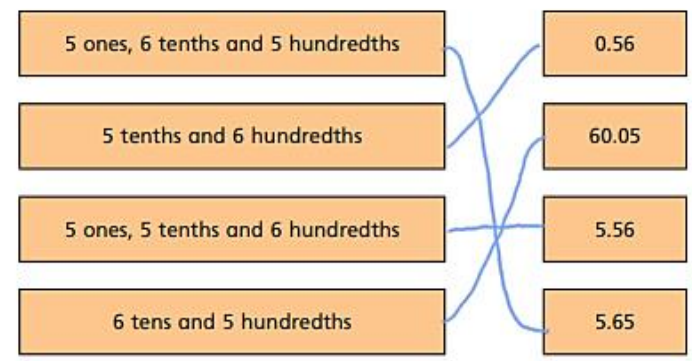

- 0.1 + 0.63 0.5 + 0.23
- 0.2 + 0.53 0.6 + 0.13
- 0.4 + 0.33

7 Alex is thinking of a number.

- a) What number could Alex be thinking of? Talk about it with a partner.
- b) Write all the possible numbers Alex could be thinking of.
1.30, 1.31, 1.32, 1.33, 1.34, 1.35, 1.36, 1.37, 1.38, 1.39
- c) Write another clue that would mean Alex's number is 1.34
It has 4 hundredths.

8 Match the words to the numerals.

9 Annie has three digit cards.

Are the statements true or false? Explain your answers.

- a) The largest number Annie can make is 5.02
False 5.20 > 5.02
- b) The smallest number Annie can make is 0.25
True
- c) Annie can make six different numbers.
0.25 0.52 2.05 2.50 5.02 5.20
True

Fancy some more?

True or False ? Three decimal places

Each of the arrows is pointing to about 0.724

The image shows three horizontal number lines, each with a blue arrow pointing to a specific value. The first number line ranges from 0 to 1, with major tick marks at 0, 0.5, and 1. The second number line ranges from 0.7 to 0.8, with major tick marks at 0.7, 0.75, and 0.8. The third number line ranges from 0.72 to 0.723, with major tick marks at 0.72, 0.725, and 0.723. In all three cases, the arrow points to a value that is approximately 0.724.

White Rose Maths

True

The first number line is split into tenths, the second number line into hundredths and the third number line into thousandths.
