

Maths

Today we will be looking at recognising fractions with a value greater than 1. We will understand they can be represented as improper or mixed number and start to look at converting between.

This lesson is live; 5L 9.00am

5H 10.00am

5M 11.00am

English

To write a biography.

Today you are going to write your biography about your inspirational person. You made a start yesterday with the introduction, and you are going to write your remaining paragraphs today.

I have attached some examples and a helpful word mat which I suggest to start by looking at.

Reading

Reading Activity: Adverbial Phrases. Complete the activity on the given sheet/pdf.

If you have a printer – print, cut, reorder and then stick into your books.

If you haven't a printer, write out the phrases in the correct order.

Foundation

Following yesterdays live lesson, you are going to look at the sizes of the Earth, Sun and Moon.

Answer the given questions given – draw and then write in full sentences in your books.

This task is split into 1* 2* or 3* so please make sure you are working on the correct ability grouping.
