

Continuing from yesterday live lesson you will be identifying fractions greater than a whole and sharing them as mixed and improper fractions. Also revisit the method of converting from mixed number to improper. There are help sheets and videos along the way.

To proof-read and edit my biography.

Today we will be going over how to proof-read and edit our written work – a very important skill. I will be guiding you through how to do this in your biography and we will share the improvements we make together.

Teams: 5H 9.00am

Reading

What do you think the Aliens in Alien Isle really look like?
What colour are they? How scary are they? How do they hear? Where s their mouth?

Design your own Alien.

Attempt the given science challenge, seen below:

Can you draw a scale drawing of the sizes of the Earth, Sun and Moon? Use the measurements below. Watch out...some are in cm and some in mm!

Sun:
Diameter = 28cm
Earth:
Diameter = 2.5mm
Moon:
Diameter = 1mm
