

Maths

In maths we will be looking at converting from improper fractions to mixed number fractions. Please join me for the live lesson during your slot.

LIVE LESSON

5L 9-10am

5H 10-11am

5M 11-12pm

English

To plan a set of instructions.

Today you are going to decide what you will write your instructions about. The choice is yours, anything that you are interested in or know about!

Once you have chosen, you are going to create a plan or template, ready to start writing the first part tomorrow...

Year 5 Home learning

03/02/21

Reading

Using the given section from the chapter – complete the given prefix activity.

Create a table in your book and then write the correct words in the correct prefix column. One has been done for you, dis/covered.

Foundation: Topic

Sometimes to advertise something, like our school, we develop a poster advert or booklet called a “prospectus” (similar to a paper form of our website!)

We would like you to design a prospectus for the House of Wisdom – advertising all the wonderful things that happen and that are in there!

This can be a written prospectus or an ICT based prospectus, we’d love to see them!
