

Hello Year 4

I am missing my visits to art galleries and museums. So, I have decided to make a mini one.

Could you make one too ?

You can use large pieces of recycled card, maybe a cereal box or even make one in a shoe box.

Next add your own artwork, sculptures and interesting items.

Once they are finished, take some photographs and email them in so we can all have new places to visit from our homes.

These photographs show some ideas and how you can make one.

Have fun from

Ms Branton
