Q1

Fairy tale – not based on true events.

See – small town, strangely shaped buildings, balloons, bright colours, clocktower.

Q2

Clock works with cogs, springs and gears.

Clockwork means a mechanism with a spring and toothed gears used to drive a mechanical clock, toy or other device.

The balloons could represent life or time. **Explanations need to be provided.**

Q3

The girl is a beautiful, mechanical dancer.

The dancer's job is to keep the clock moving therefore she is the timekeeper.

She dances in the style of ballet but she is a clockwork figure.

The wheels inside a clock are called cogs.

Q4

When the girl leaves the tower life stops as time freezes.

The town has changed from a bright setting to everything being grey and motionless.

Feelings of sadness and/or regret. **Explanations of feelings needs to be provided.**

The blue sky is the sky that could make us feel happy. **Explanation of this required.**
