

Maths

To find the area and perimeter of a shape on a grid.

Today's Maths continues on from yesterday's work on Area and perimeter.

Today you'll be working on a 1cm squared grid – you'll need to use mathematical skills to think about half a 1cm squared box and mentally joining it up with another half box to equal a whole!

Follow the given slides.

English

To create a blueprint of a cracking contraption.

Today you are going to watch some more Wallace and Gromit Cracking Contraption videos to inspire you to create your own wacky invention! You are going to create a blueprint of your design and you must be able to explain how it works.

There are examples on the slides.

Year 5 Home learning 23/02/21

Reading

To answer question based on this chapter.

Yesterday you read chapter 1 of our new book "Ghost Tower."

Today you will be answering comprehension questions about this chapter.

Answer in full sentences in your book.

Remember to go back and look at the chapter again to help you.

Foundation; Science

To use the idea of the Earth's rotation to explain day and night and the apparent movement of the Sun across the sky

LIVE LESSON

5M 9-10am

5H 10-11am

5L 11-12pm

Today's live lesson is Science "To use the idea of the Earth's rotation to explain day and night and the apparent movement of the Sun across the sky."

Mr Moody will be talking Science and working through a Science presentation.

Please note that the foundation lessons for the rest of this week will link back to this Science lesson.
