

Maths

Today you will continue looking at the area and perimeter of shapes, continuing from yesterday's live lesson you will look how to find the area and perimeter as well as reason around missing numbers on a variety of quadrilaterals. Help sheets and videos are available to support you.

English

To write an explanation text about my invention.

This is a double lesson. It is today's English work AND tomorrow's English work.

There is one set of slides with everything that you need for your work on both days.

There are 2 tasks for you to do; writing your explanation following your plan from yesterday, and creating a glossary at the end of your work.

Year 5 Home learning 02/3/21

Reading

Chapter 2 refers to Chinese New Year.

Look at the given information and answer the set questions in your home learning books.

Complete any relevant research necessary using your ICT skills.

Today's Live Lesson

Tune in to see Mr M's live topic lesson.

5M – 9am 5H – 10am 5L – 11am

Following this live session you will need to complete the comparing treatments activity.

You will need to answer How are the following medical conditions treated with modern medicine? How do you think they were treated by Islamic and European doctors in the Middle Ages? Which treatment option would you prefer?
