

Can you work through this second mystery activity. Solve clues based on your knowledge around prime numbers to find our criminal. Follow the slides on your screen solving each problem before moving on.

To write the method for my instructions.

Today you are going to write the step-by-step method explaining how to create your product. You will need to remember to use numbers, write in chronological order, use imperative verbs and adverbs.

How does our online activity affect the digital footprints of ourselves and others?

For today's live lesson Mr M will be talking through how you look at your digital footprint. By the end of the session you should be able to define the term "digital footprint" and identify the online activities that contribute to it, identify ways they are -- and are not -- in control of your digital footprint & understand what responsibilities you have for the digital footprints of yourselves and others.

**5M 9-10am**

**5H 10-11am**

**5L 11-12pm**

Reading

Now we have finished the book we would like you to complete a book review which should help to entice other people to read it.

Think about the theme of the story; did you like it or not? Why?

What did you like about the book? What didn't you like about the book?

Use the given book review as a frame; use it if you need to or create your own book review sheet.
