## Powerful Passwords

twinkl

Create a strong password for each of your online accounts.

Remember to include: lower-case letters (abc), upper-case letters (ABC), numbers (123), punctuation marks (! ?) and symbols (\# @ \& £ \$).

1. Clue: $\qquad$

Password: $\qquad$
2. Clue: $\qquad$

Password: $\qquad$
3. Clue: $\qquad$

Password: $\qquad$

Now memorise your passwords and practise using the clues to help you remember them.

Then fold your booklet to hide the left page, or cover the left page with a book.

See if you can write your passwords without looking.

Next, check to see if you were right. Practise again if you need to.

| Cover and Write | Check |
