

English

Children will focus on handwriting and ensuring that letter formation is a continuous cursive join. The children will discover a range of genres covering a variety of topics. They will look in detail at poetry, diary writing, character descriptions and Non-chronological reports. They will also use Remembrance as a narrative source of writing. English will also link to Black History Month. We will also link persuasive letters to the effects of global warming.

Maths

Children will develop skills in all four number operations, work on shape, measuring and data handling. Children will develop skills in reasoning and problem solving.

Beliefs and Values

- Creation
- Why is the birth of Jesus significant?

Science

- Light and Shadows
- Sound

Computing

- The Internet
- Audio Editing

History

Children will learn about life during the Victorian era after October half term. The children will learn what life was like and compare and contrast how it differs with today.

PSHE

- Being me in my World.
- Celebrating difference

PE

Dance- combining sections of a dance/use facial expression and perform with a prop.

Games- (Invasion games- Tag Rugby, netball)

Art

- Journeys: This unit will look at how we can use art to document our travels.
- Georges Seurat: The children focus on his use of Pointillism and learn about his art.

Term: Autumn 2022 Yr4

All Around The World!

Topic Overview-

All Around The World & The Victorians:

The children will be taking a trip around the world in the first half term and specifically looking into the tropical and polar regions.

In the second half term the children will be learning all about the Victorians and how The Victorians lived.

Geography

- Learn about weather and climate around the world- Especially Polar and Tropical regions.
- The children will be reading longitude and latitude to be able to pin-point specific locations.
- Engage in field study collecting and data handling weather recordings.
- Compare differences between climate there and at home.
- How does the climate effect the people who go there?

Music

- Children will learn to read rhythms and pitches through graphic notation and traditional written notes to perform and compose their own music.

MFL- French

1. Welcome to School Super Learner.
2. My local area, your local area.

Design and Technology

The children will be learning how to cross-stitch and they will be designing and making a Christmas card linked to their topic on the Victorians.
