

Park Smart Promise – small changes can make a big difference.

Children under 16 are our most vulnerable road users.

Newport Junior School is keen to promote road safety for our pupils but this is not just the responsibility of school, we need your help. We all have a duty of care to ensure our pupils and roads are safe. You can make a difference by **parking smartly** – away from the school entrance, respecting speed limits and driving in a legal and considerate manner. If you need to drive to school, please park at one of the designated Park and Stride locations or away from the school and walk the rest of the journey.

Inconsiderate and irresponsible parking around school and the school entrance causes many issues. By parking in this way you are contributing to:

- Road safety concerns for those trying to walk, cycle, wheel or scoot to school.
- Barriers to anyone who may be traveling by wheelchair or other mobility aid.
- Being a nuisance to nearby residents.
- Environmental concerns.
- Discouraging other families from traveling on foot due to safety concerns.
- Adding to congestion around the school area and causing an obstruction.

Please sign the below Park Smart Promise to show your commitment to making our school safer.

By doing so you will receive a car windscreen sticker to demonstrate your commitment to keeping our children safe. This will also act as a reminder to other parents who may not have signed up yet.

I promise to Park Smart...

- I will be a considerate and responsible driver, putting the safety of our children first.
- I will park away from the school entrance, with care, not causing an obstruction.
- I will park and stride as often as possible.
- I will not park with my engine idling to help reduce emissions.

Thank you for signing the Park Smart Promise
