FAMILY HUBS

Seeds to orchard

Funded by
UK Government

All families need support from time to time to help their children and young people thrive, whether it comes from family, friends or professionals. Our ambition is for every family in our borough to receive the right help, at the right time.

This parenting guide is for parents and carers of children and young people in Telford and Wrekin. It will give you practical advice and guidance to help you in the most important role of being a parent. Telford & Wrekin Council and its partners are committed to ensuring children are able to achieve their very best. This leaflet covers many aspects of parenting, plus local services and activities and contacts for further information, advice and help.

In light of our borough recently achieving the "Tree City of the World status", and Family Hubs named after trees as a symbol of stability, growth and strength, this guide has been designed to reflect children's growth and development through tree life stages, with parents and support services working together as partners in our Orchard, a place of diversity, nurture and support for children to reach their full potential.

Being a parent is one of the most difficult tasks there is. Most parents need help from time to time and this guidance is designed to be a useful and practical tool for parents, carers and professionals.

Executive Director Childrens Services

An Orchard Full of Trees

Families never just happen,
Forests don't just appear.
Both need the right environment,
Consistent year on year.

There is nature, and there's nurture,
On this we're all agreed.
And most of us at times need help,
To grow our tiny seed.

Trees begin life as a seedling.
Vulnerable and small.
Adding love and time and patience,
They thrive and grow up tall.

We know that we can't hold too
tight,
Saplings start out branching,
Making friends, then off they go to,
Forest schools for learning.

Young Trees grow fast, like
teenagers.
Big futures to decide.
Flourishing roots need safety and
an understanding guide.

Then just like that, your tree
matures.
That tiny seed once sown,
Your nurturing empowered them,
To blossom on their own.

Raising trees is never easy.
Where do you get started?
Support is never far away,
It's here in your orchard.

Apples for your physical health,
Ripe from the Autumn sun.
The English Oak that gives us
strength.
While conker trees bring fun!

Raising trees should not bring
torment,
Please put your mind at ease.
And introduce your offspring to,
An Orchard full of trees!

Teresa Quinn Russell

Seeds 0-1

In the beginning a seed takes root, given time a lot of love and a little patience they will grow and blossom. This new life brings mixed emotions and challenges. Growing seeds bring the promise of a future filled with hope and full of joy.

Solihull Parenting baby

The Solihull Approach antenatal online course gives parents practical information about pregnancy and birth whilst at the same time introducing them to their baby. It explains how and why those around this baby are so important, whether they are the mother, father, partner, grandparent or birth partner. It integrates the traditional information given on an antenatal course with a new approach to starting their relationship with this baby before the baby even makes an appearance.

Telford & Wrekin

Families in Telford

Families in Telford

Tums and Tinies – this group is specifically tailored for the needs of pregnant ladies, babies and little ones up until they start confidently moving around. Tums and Tinies provides a safe environment for babies to be able to explore and for new mothers to feel confident to be able to talk honestly and openly about their experiences. There are lots of relaxed conversations about topics such as feeding, sleep problems, milestones, weaning and the impact on relationships.

Rise and Shine – a group designated for those little ones who are starting to find their confidence in moving. Activities are designed to encourage children in their movement and provide them with a range of experiences. Stage appropriate topics such as becoming more dependent on solid foods, language and physical development are also covered.

Drop in and Play – multiple indoor and outdoor activities are offered to pre-school children and their adults. From as soon as little ones are able to sit up, there is something for them to have a go with in this group. Creative and imaginative play helps develop a whole range of social and practical skills that are needed to transition towards nursery and school.
