

Newport CE Junior School

Worship 24/25

Planning Overview

Points to note about Worship at Newport CE Junior School:

Planning overview for worship is adapted on an annual basis to meet the needs of the school, to avoid repetition of input and to respond to new ideas and resources that will develop the spiritual journey of the school community.

The structure of collective worship is based around our three school values: Compassion, Courage and Community:

| Compassion | Courage | Community |
|--|--|---|
| Linked Values: Generosity, Forgiveness, Friendship | Linked Values: Perseverance, Justice, Truthfulness | Linked Values: Respect, Thankfulness, Trust |

In addition the school family will take part in at least one termly visit to our church: St Nicholas' Church. Worship will be planned and led by the clergy and school together.

Topical/current events may interrupt the planned worship however the plan will be caught up on as appropriate

The expectation is that all those leading worship will begin with a 'call to gather' and will close with 'words to leave'.

The school are passionate about worship being led by a range of Worship Leaders: Senior leaders, class teachers, clergy and children. The planning overview aims to achieve this. The school is committed to a range of communities of worship: whole school, year group, class and personal worship are all equally valued.

Worship through music is an opportunity for the school family to come together through music and song for a range of classic and more modern music.

Celebration assembly is an opportunity for the school family to celebrate 'Values in Action' and the children will receive reward and recognition for this.
