The week commencing Monday 10th March was our LCT Attendance Week! All our schools, and our partner schools in the Newport Cluster, joined forces to have a joint focus on sending out the important message about the need to have excellent school attendance. Our LCT Attendance & Welfare Team were blown away by the efforts that some of our schools put in, to ensure that all our pupils and families understand our high expectations in relation to school attendance. It was a tricky week....illness got in the way! But we would not be beaten, and huge variety of activities, competitions and profile raising took place across the schools. We are proud to share some fantastic photos with you and are hugely appreciative of the efforts put into the week 🤍.

These certificates for Outstanding Effort have still to be awarded.... might your school be in line for one? If your EWO has nominated you, you will get one soon (cropped so we don't spoil the surprise!!)

Some absolutely fantastic effort went in at New Road Academy, who also made videos with staff and pupils talking about the importance of school attendance. **Please have a look on their social media to see the videos...**there are some familiar faces from our team too!

Some very happy faces at New Road after receiving their winning envelopes which contained one of a whole host of potential prizes.

Proud children at HLC Primary receiving certificates and prizes for their efforts during Attendance Week. Well done everyone! Special thanks to Jules Convenience Store in Hadley for supporting this initiative.

Although there was lots of fun during Attendance Week, Severndale look like they really enjoyed themselves! The Colour Run was one of the highlights of the week and we thoroughly enjoyed seeing how much their pupils enjoyed it. Who wouldn't want to go to school when there are days like this?

Our Dan and Kiran, ready to meet the Ercall Wood pupils in their lunch break, giving them advice about attendance and signposting when they need a little extra help. The turnout was great; thank you Ercall Wood.

Another colourful activity was 'Wacky Hair Day' at Lantern Academy. Lots of spray colour and great styles here 😊.

Proud at BBS

LCT Attendance Week

Our secondary school winners, Burton Borough School, are rightly proud to win their section in their first ever LCT Attendance Week. The team and the pupils have worked really hard on their attendance since joining LCT and it was worth it! Well done to you all.

We already know that Mrs Medhurst is a HERO, but it is great to see that her pupils at St Peter's Edgmond also proved that they can be Here Everyday, Ready, On time.

We were delighted that our friends from the Newport Cluster, to whom we provide Education Welfare Services, joined us for Attendance Week. Congratulations to Newport Junior School, whose pupils are pictured here with their raffle tickets. Winners had hot chocolate and biscuits with Mrs Moody.
