Trips and Visits this year for Year 5:

Autumn	Spring	Summer
Tamworth Castle This Trip is linked to our topic on the Vikings. The children will have two workshops with artefacts and then a look around the castle itself. The cost of this trip will be roughly £24.00	SPACE DOME! A firm favourite for lots of our past pupils linking to our science topic on space. The space dome is at NJS and therefore the costs are lower. This trip will roughly be £6/7	Mosque Linking to our Beliefs and Values topic of Islam, the children will have the opportunity to visit a Masjid (Mosque). Previously, they have visited the Mosque in Wellington. It is a fantastic trip to witness first hand another faith and culture. This trip will roughly be £10.

RESIDENTIAL OFFER AT NJS

Aside from the obvious importance of academic lessons, we believe that there are endless possibilities for learning beyond the classroom. Each year we engage the children with a range of inspirational trips or by arranging for special experiences or visitors to come to school. These situations often bring out previously unseen skills, interests or talents in the children. Hands on situations build upon our ethos of equipping the children to discover and explore their own learning style and to be able to realise and work towards tangible goals within their learning journey.

Our residential trips give the children the opportunity to stay away from home for a night or two and builds great independence skills and a feeling of pride in themselves and what they have accomplished. We also try and keep the residential a good distance apart, which enables the children to develop emotionally and independently as well as allowing parents to budget for the future residential. The current menu of residential visits:
